

I am a daily listener of KLOVE Radio which uses a FM translator. It is a station based in California and broadcasts nationwide. It is a source of encouragement and has greatly improved my life and that of my family. If KLOVE was taken off air for a LPFM, I feel it would be a tragedy for our community. I waited years to have a radio station of this caliber, and I know that many in our community feel the same. KLOVE provides a community of like minded people from all walks of life all across the nation. It encourages and uplifts the listener with Christian music offering hope and love to those who need help. My life will be less if KLOVE's translator is given to a LPFM. Please keep KLOVE on air.
